LONGSPEAK- X		Portable Butane Gas Boiler & Mattress Automatic for 1~3 person
Dimension	Boiler	6.1 x 6.1 x 8.7in /155 x 155 x 220mm
	Mini pad	1.5 x 4.4ft / 46x135cm +1.2M hose
	Single pad	1.5 x 5.6ft / 46x170cm +1.2M hose
	Double pad	3.4 x 6.7ft / 103x203cm +1.2M hose
	Triple pad	4.8 x 6.7ft / 145x203cmm +1.2M hose
Weight	Boiler	3.7lb /1.7Kg
	Mini pad	2.6lb /1.2Kg
	Single pad	3 lb/1.35Kg
	Double pad	5.7lb / 2.6Kg
	Triple pad	6.6lb / 3Kg
Heating temperature	Boiler	Ambient temp ~ 140F/60C or higher
	Pad	Ambient temp ~140F/60C or higher(incoming flow temp to pad)
Material	Boiler	Stainless steel
	Pad	Polyester/Nylon/Silicon
Installation	Boiler	Outside sleeping place, freestanding
	Pad	Inside sleeping place or tent
Temperature controller		PS2 port
DC 12V adapter (5V=>12V)	Specification	Input port Ø5.5 /2.1mm 700mAh/12V consumption
	Substitute	Connectable 12V battery pack or car electrical cigarette socket
Input water		0.21~0.23gal /0.8~0.9L for mini pad
Fuel		N-butane or iso-butane (EN 417 screw connect required)
Fuel consumption		About 0.7oz/20g/hour for mini pad (at 104F/40C boiler water temp)
Ignition		Automatic Piezo electric
Max. heating time		11 hours (flow temp 104F/40C, ambient temp 50F/10C, 8oz/230g iso-butane)
Heating area		21~64 ft2 /2~6m2
Available mattress		Mini / single / Double / Triple
Working temp		Fuel working temperature
H.S. CODE		7321.82.0000
Additional requirements if used with other option: user's purchasing		<ul style="list-style-type: none"> - Extension water hose: Sold separately - 12V Li-ion battery and cable : 0.7A/hour - Gas press regulator (in case using propane) - Gas converter (in case using other cartridge except for EN417 screw type)
